2.19 My Laps Race Control Management System

The fitting of a MyLaps unit is now **mandatory** when participating in any track activity at SMSP.
It should be made clear that this unit has **NO REGULATORY IMPLICATION** regarding Motorsport Australia. It is a device to assist in the management of the track between Marshal Posts and as an advisory device for the driver.

- The units remain at all times the property of ARDC.
- It is the Competitors responsibility to ensure adequate fitting to the vehicle using the materials provided.
- As this unit for the driver is advisory, there is no requirement as to it being placed in view of the driver, simply a secure place on the vehicle that can transmit a valid signal.
- Should the unit fail to be observed during any session on track, the competitor will be advised post session and steps taken to ensure there is a fully functioning unit attached to the vehicle prior to any subsequent sessions.
- There is **NO** additional charge, for the use of the unit at this Event.
- Unit can be picked up and returned to the Main Office at the base of the Control Tower, which must be done at the beginning and end of each day, to ensure that unit is adequately charged for use.
- There is now available a cable than can be hard wired into the vehicle for the purposes of charging. This can be purchased from ARDC @ SMSP and is a **onetime purchase cost of $20.** Please contact ARDC for details.
- Should a competitor leave the venue without returning the unit, the safe return of the unit, in full working order, will be at the full expense of the Competitor and must be **received** by ARDC within a 2-week period.
- Failure to return the unit within the 2-week period or at all, will result in the competitor being

invoiced for a replacement unit. **($1100).**

2.20 Supplementary Regulations Part 1
